

**REMARKS**

After the above amendments, claims 1-12, 14-17, and 19-21 are pending. Claims 1, 10, and 17 are independent.

In a telephone interview conducted on March 30, 2005, the Examiner proposed amending claims 10 and 17 to clarify that the driving part includes a driving motor and a reduction module. The Examiner further indicated that these amendments would place the application in condition for allowance. Applicants have amended independent claims 10 and 17 as proposed by the Examiner, and have amended claim 11 so that it conforms to amended claim 10. Applicants assert that independent claims 1, 10, and 17, and their dependent claims, are now allowable.

In view of the above, it is believed that the above-identified application is in condition for allowance. Entry of the amendments and notice to that effect is respectfully requested. Should the Examiner have any questions, the Examiner is encouraged to contact the undersigned at the telephone number indicated below.

Respectfully submitted,

Michael E. Stimson
